

# Problem Solving for Immunization Programs

## Michael McQuestion

### **Extra Credit 1: WHO-TechNet**

#### **Instructions**

You will use the WHO-TechNet Web site for this extra-credit exercise. The URL address is <http://www.technet21.org>

It is highly recommended that you join TechNet. Membership is free. Once you join, you will receive emails regarding communications between leaders, experts, and field workers in the immunization field about current topics and issues in immunization.

For the purposes of this exercise, please submit a 1–2 page paper on the topic of solar power. Please summarize what has been written about solar power in recent postings.
